

Welcome to Vintage Tennis Balls .com!

An advertisement from 1905 reads:

"The game that quickens the eye, steadies the hand, and sets the whole body tingling with a delightful exhilaration, depends on the ball."

The pages inside will expand upon that 'delightful exhilaration' by paying homage to the decades of old tennis balls that were so essential to the sport we love so much today. There is nothing like an old tennis can, box or ball to give you a taste of tennis from a bygone era. That's why they are so collectible. {gallery}1905{/gallery}

So... whether you are collecting tennis balls, searching for info on antique tennis, or are simply looking for a bit of nostalgia, you've come to the right place.

Vintage Tennis Balls is looking to be THE place on the Web for information about antique tennis balls, boxes, tins, and other containers. If you have any suggestions or comments, be sure to write to me at VintageTennisBalls.
